

Boutique Air Announces New Schedule for Carlsbad, New Mexico

For Immediate Release: August 8, 2017

Carrier offering additional round trip flight to Albuquerque

SAN FRANCISCO (AUGUST 8, 2017) – Boutique Air released a new schedule for flights from Cavern City Air Terminal (CNM) in Carlsbad, NM to Albuquerque International Sunport (ABQ) in Albuquerque, NM and Dallas/Fort Worth International Airport (DFW) in Dallas/Fort Worth, TX. Effective August 15, 2017, the new weekly schedule is now offering one additional round trip flight between Carlsbad, NM and Albuquerque, NM.

“With this new schedule, passengers are now able to have full day business trips to and from Albuquerque,” said CEO Shawn Simpson. “Not only will this help the business community but also passengers who are looking to make connecting flights in Albuquerque.”

With the community’s demand for more frequency to one of the two hubs, Boutique Air was quick to put in a request to the Department of Transportation for approval. The DOT recognized the need for the additional round trip and approved the request.

“The members of Carlsbad’s air service committee, Boutique Air and the Department of Transportation all deserve credit for working together to develop an expanded schedule that serves the citizens of Carlsbad,” Mayor Janway said. “Carlsbad is a fast-growing city, and the ability to get back and forth to Albuquerque consistently is very important to many members of our business community.”
