

Delta Constructors, LLC

2211 Ferguson Road

Carlsbad, NM 88220

(844) 335-8289

Delta Constructors is happy to announce the opening of our new Carlsbad, New Mexico office.

Established in 2009, Delta delivers full-service Industrial Construction and Maintenance contracting, across three separate regions spanning from the Gulf Coast to Alaska's North Slope. We strive to deliver the highest levels of performance in Safety, Quality, and Value to the clients and communities we serve.

The Carlsbad regional office is our newest facility since Delta began support of the Delaware (Permian) Basin activities in 2015. Opened in the fall of 2020, our newly constructed 12,000 square foot facility on 10 acres features workspace for our administrative, procurement, engineering, and management staff, as well as a Fabrication and Maintenance shop space. Making a permanent investment here in Carlsbad gives Delta even more opportunity to provide long term support and employment opportunities to our New Mexico clients, local businesses, and local community members.

Our Southern Region provides services to all areas of the Oil and Gas Industry, Upstream, Midstream, and Downstream, as well as the Mining and Renewable Energy Industries and Government Contracting projects. Our services include Self-Perform Construction, with both Mechanical and Electrical capabilities in-house, Project Management, Fabrication Services, and Commissioning and Automation Division. The most recent addition of fabrication capabilities has proven to be a valuable addition to the industries we serve.

"We just want to congratulate Delta Constructors on their new office in Carlsbad and their commitment to this community. The company's permanent investment is greatly appreciated and we know it will pay off," said Carlsbad Mayor Dale Janway. "The oil and gas reserves in the Delaware Basin are a national treasure, and Carlsbad looks forward to building a partnership with this highly-experienced company."

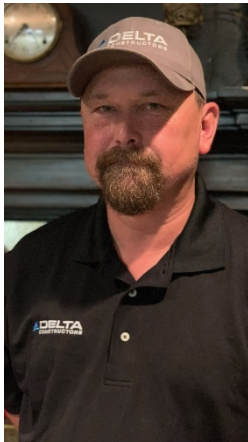

We pride ourselves in our local focus of client and community support and strive to hire local craft and staff members to join the Delta team and to work with local businesses and vendors to create more opportunity for us all. Community is important to us, and we succeed best when the community around us succeeds. Working together is an important Delta value.

The safety of the men and women who work with us is a primary cornerstone of Delta's culture. We are focused on achieving high performance and a zero-incident workplace; something our clients, our employees and their families all benefit from. We want everyone going home safe, every day. Here in our southern region, we proudly finished out 2020 with zero recordables.

We appreciate the local welcoming spirit of the community and look forward to serving the needs of our clients, our employees, and our community together.
